CSS Day 2: Friday Exercise

Take the markup code you did for letter in HTML class and converit it to given image:
"CSS-day2-friday-exercise-design.png"

Criteria:
- markup should be as is, there should be no need for you to create additional markup (ie wrappers etc.)
- you should use CSS Variables (where needed)
- you should be able to control the font size and gaps on the letter by only changing HTML font size
